### Summary

Glass fiber reinforced plastic tweezers are a bit of a pain to store. They're not quite the same size as other tweezers.

Glass fiber reinforced plastic tweezers are a bit of a pain to store.

They're not quite the same size as other tweezers. And are even slightly askew from each other!

So I designed a quick tweezer holder for my plastic reinforced tweezers. It's got just the right amount of space to hold them while not pinching too tight.
