[electrician](#)

DIN rail clip was designed by VORON Trident project.

The original DIN rail mount for Wago's 221-2411 connector was designed by somebody else. I tried to figure out the source but I couldn't find it - maybe it was OV1A's design from here: <https://www.prusaprinters.org/prints/76910-wago-221-din-rail-holder>

Demo videos:

Wago 221 mounts:

DIN rail mount:

M5 screw mount:
