### Summary

Bed leveling test - single layer discs

[3D Printers](#) > [Test Models](#)

Hello !

I created simple but reliable bed leveling test for **Ender 3**. It's designed that way for cover almost all bed - hot end don't hit the clamps of build plate. With that You could level all bed.

I use that bed leveling test and it's very helpful. It's very fast and useful !  
**Feel free to comment and if You like it please click "Like" button.**

Fits very well to:

- Creality **Ender 3** all available versions

If You like my model You can buy me a coffee ---> <https://paypal.me/DamianS0k0l> or click Donate button 0:-)
