updated 18. 2. 2022 | published 18. 2. 2022

Summary

The adapter takes 27mm hose for Festool / Metabo and fits Kärcher SE / WD.

This is a remix of <https://www.thingiverse.com/thing:4538051>

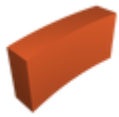

I also added a small support piece thats helping the adapter to stay in place. I glued the support with superglue to the adapter. I Printed the Adapter with supports in PETG.

The support piece can be printed on the side.
