Summary

A very good Spool Holder for the biggest Spools. Perfect for 2.5kg Spools, bigger could also fit (look at the diameter)

A very good Spool Holder for the biggest Spools. Perfect for 2.5kg Spools. Bigger Spools could also fit (look at the diameter) and scale up the length of the part "Roll_Holder"

The 190mm Large Spool Holder fits also for wider rolls, like the Prusament 2kg Spool.

Model files

roll_holder.stl

☐ Fits not for Prusament 2kg Spools, but for Extruder etc.

ultimate_spool_holder.stl

☐ (print_2_times)

roll_holder_large190mm.3mf

☐ Fits for Prusa 2kg Spools, (Print it standing or laying down)
