### Summary

This is a quick Remix of Greg\_The\_Maker's version for TC's without the step on the extrusions.

This is a quick Remix of Greg\_The\_Maker's version, my TC had extrusions without the little step and Greg's mounts didn't fit correctly. These have a 7.8mm wide step that sits perfectly in the extrusions on my toolchanger.

Second picture shows the original Vs my remix.
