### Summary

Wanted a testing cube where i could see which side was +x and -x etc.

[3D Printers](#) > [Test Models](#)

Tags: [test](#)

Wanted a testing cube where i could see which side was +x and -x etc. because i always forget to mark this on my test prints.

The side with X0 has the X emdedded, the X+ side has it outside.

Same with Y.

Also a little overhang test on the bottom.

15.08.2017 Placed the letters more in the middle. they were a bit off
