Design Goal

Designed a ring for the Prusa Printers flash contest. My goal was to make something nerdy yet simple/elegant, at which I think I succeeded!

Printing & size

The inner diameter (ID) is created at a fixed 20mm. If you measure your own finger, you can scale it up/down easily to fit your size.

More..

I have made a total of 3 rings that make for a cool retro set, you can find them here:
