Summary

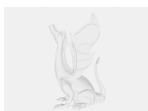

Mount your EK Classic Pump onto your 120mm radiator.

[Gadgets](#) > [Computers](#)

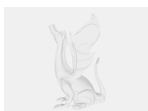

Tags: [water](#) [mount](#) [computer](#) [cooling](#) [pump](#) [pc](#)
[watercooling](#) [ek](#)

Mount your EK Classic Pump onto the space between two 120mm fans. Four screws mount it super securely with minimal airflow interruption. Mounts to the radiator directly, or with fans in-between.
