Summary

You can replace the design part and share it not only with rings but also with brooches and necklaces.

We wish we could replace my favorite design with not only rings but also brooches and necklaces.

It is a work that I thought about together after receiving a request from a friend's handmade artist.

The ring top has a simple design with nothing, so you are free to attach accessories.

Let's decorate with what you like!

Watch this video to see her exchanging parts.

Here are print settings.

material: ABS

infill:40%

resolution:0.2mm

Glue the "ring_base" part and "ring_body" with acetone juice.
