My wife doesn't want romantic gift. She wanted practical gifts. So I made this sock hook or sock lock dry hook etc. in valentine's shape and colour.

There are two sizes (more sizes you can easily make thru scaling in slicer) and one slightly different version with nops.

Update:

Added more versions. With openings on sides with or without nops. I recommend printing bigger versions for classic adult socks and for warm types scale even bigger ones X and Y a little bit (120%).

Printing instructions:

Printed in 0.25 resolution with PM PLA+. For faster print turn off ensure vertical wall thickness in slicer.
