Summary

A place to hold your drink and burger or fries box whilst in the car.

I suggest 0.5 layer height as no glue or screws needed the layers just snap together. The sliders do not need support when printing.

Layer order is:

- 1 - Cup holder Base
- 2 - Connector & 1 Slider
- 3 - Layer 1 & 1 Slider
- 4 - Layer 2 & 1 slider
- 5 - Top
