### Summary

Heart shaped container with a cupid arrow through it and a hook to hang it in a tree or some place.

Tags: [valentine](#)

This is a heart shaped container with a cupid arrow through it and a hanger hole designed as a geocache container to hang in a tree, or anywhere. Three parts including the heart shaped box, heart shaped lid, and a latch which attaches to the lid with two m3 screws. I printed in PLA but PETG will work as well.
