Tags: [led](#) [voron](#) [vorondesign](#) [v01](#)

Designed a small and simple LED-frame for the Voron v0.1 Top Hat.

Just mount it between the standard mounts and the acrylic panels.

as LED i used this strip: [-Link to Amazon-](#)

Connected it directly to the 5VDC Power supply of the Raspberry Pi.  
Crimped a JST connector in between to get the possibility to take the Top Hat of easily.
