### Summary

I modified a file i found for a dumpster to fit on my desk at work as a novelty. just scale to fit your needs.

[deskorganizer](#) [trash](#) [dumpster](#)

I thought it would be funny to have a dumpster at work as a little desk ornament for pens and what not so i modified a file to print in one go. Well it ended up being a hit so i figured i would upload it here. you can add text to the front like a name or office and people really get a kick out of it and its a funny conversation piece.
