Tags: [kitchen](#) [lid](#) [cover](#) [kitchenware](#) [cuisinart](#)

The gf said the Cuisinart ICE-30BCP1 Ice Cream Maker 2-Qt would accumulate dust and dog hair inside when left unused in storage for awhile as there is an open hole (by design) on the top. This simple lid fits over it to prevent anything from falling in when unused. It doesn't seal or anything just rests simply on top.
