You want to make a special person happy on a special day? Do it with this special etagere.

Whether it's Valentine's Day, a birthday, a wedding or you just want to show someone how much you love them, with the right topper you have the right gift.

Make a mix of colors or simply in the color of love :) Equip this loving etagere with things that your loved one likes.

Object description:

in my tests i printed everything in PLA 0.3 layer height. unfortunately my filament ran out and i had to improvise.

I would recommend 0.15 - 0.2 for the love topper. The bottom heart is connected to the tower for better stability and portability. The uppermost heart is available in 2 versions, one without and one with a toppermount.

Print out all parts, put them together and your gift is ready :)
