"Puzzle of Evil

This Evil Puzzle will keep you busy for many many hours!

Simply place the four puzzle pieces within the available space.

Sounds pretty easy, doesn't it!

With both an easy, and a hard option, no matter your ability, you should find some enjoyment and satisfaction with this small puzzle."

Couldn't find the famous "Puzzle of Evil" on PrusaPrinters so decided to add the one I printed.

Remixed the remix of a remixed puzzle.

Resized for bigger hands and added some lettering for quality of life improvement.

You need to download all 3 files with Large in their names for the L-version and the “Small” ones for the smaller version.

The smaller version easily fits a pocket, but the bigger one has bigger and thicker pieces easier to move around the board.

Can confirm both sides are solvable.

Printed in 0.2 layer height, PLA, standard Prusa Slicer profiles.

Have fun!
