Print-in-place and articulated Jet Fighter for IDEX or Multimaterial 3d printers. The body with camopattern (color\_01 and color\_02) was printed as one part on a IDEX 3d printer while the canopy (canopy\_separate) was printed separately and glued in place. If you have more than two colors you will be able to add the canopy (color\_03) as a part of the multimaterial print. The wingtips has integrated supports and snaps of: <https://youtube.com/shorts/SNWnS3XnjX8>
