### Summary

This is a replacement for the transponder key cover for a 2008 Fiat Doblo car.

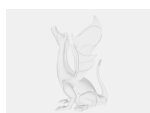

[Hobby & Makers](#) > [Mechanical Parts](#)

Tags: [car](#) [keycover](#)

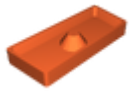

The key cover is printed with Recreus Filaflex Green filament, but similar flexible filament will probably work too. The cone bit in the middle can be removed if you want a flat surface. The key cover is held in place with some superglue at the extreme ends.

Printed on a Prusa MK3S+ and the PEI smooth steel sheet. Printed on a cold bed, it helps to heat the bed (~50 deg. C) while removing the part.
