## Summary

A bracket to attach a tube (in my case cardboard tube) with a diameter 56/51.

Tags: [holder](#) [bracket](#) [tube](#) [cardboard](#)

You slide the tube onto the bracket, no glue or screws are needed. The bracket can be fixed with M4 screws.

Additionally, you need:

4x M4 screws

1x Tube (cardboard 56/51mm)
