SpoolFidget ring, ring that can look like a spool of filament, just apply color change of your will. But if the spool ring is boring, you can print strip that is **easily attachable and replaceable**. In the moment, you have your daily fidget toy. Find your color combination to fit your style.

Printing instructions

Ring: use your standard settings, but it is recommended to use 0,1mm layer height or less, 0,4mm nozzle or smaller.

Strip: use your standard settings, there is no need to print it on small layer heights, 0,2mm prints fast looks good.

Use same size strip as size of ring.

All sizes are in circumference!
