Summary

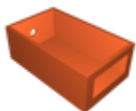

Project Box for USB step down voltage regulator.

[Hobby & Makers](#) > [Automotive](#)

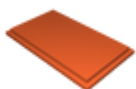

A tiny project box (18mm x 30mm x 11mm) with lid that fits a USB 12v step down voltage regulator. Solder +/- wires and glue down the lid. I used this to hide mini dashcam wires in my auto's map light.

Fits this part perfectly: https://www.amazon.com/dp/B087ZRGMPSPSC=1&ref=ppx_yo2_dt_b_product_details
