Summary

Journal and pen holder

[Hobby & Makers](#) > [Organizers](#)

Tags: [journal](#) [bulletjournal](#) [journaling](#)

A simple journal stand for journals 5.3 inches (135mm) long and less than 3/4 (20mm) inch thick.

Made it to free up space on my desk in tinker cad. Figured I'd include a smooth one if the design isn't for you and wanted to add your own.

Print settings are whatever your go to is doesn't require supports or anything special.
