Summary

Show your colors - three layers of color to display your favorite sports team, school colors or just to have fun.

[Household](#) > [Home Decor](#)

Tags: [lettering](#) [school](#) [alphabet](#) [letters](#) [sports](#)
[multicolors3dprint](#) [3dlettering](#) [alphabetletters](#)

3D letters that can be printed in separate layers/colors or stack the STL files to print in multi-colors using MMU or Palate or just the slicer 'change filament settings'. The 'simple letter stand' is available in a separate listing.
