Moose Antlers

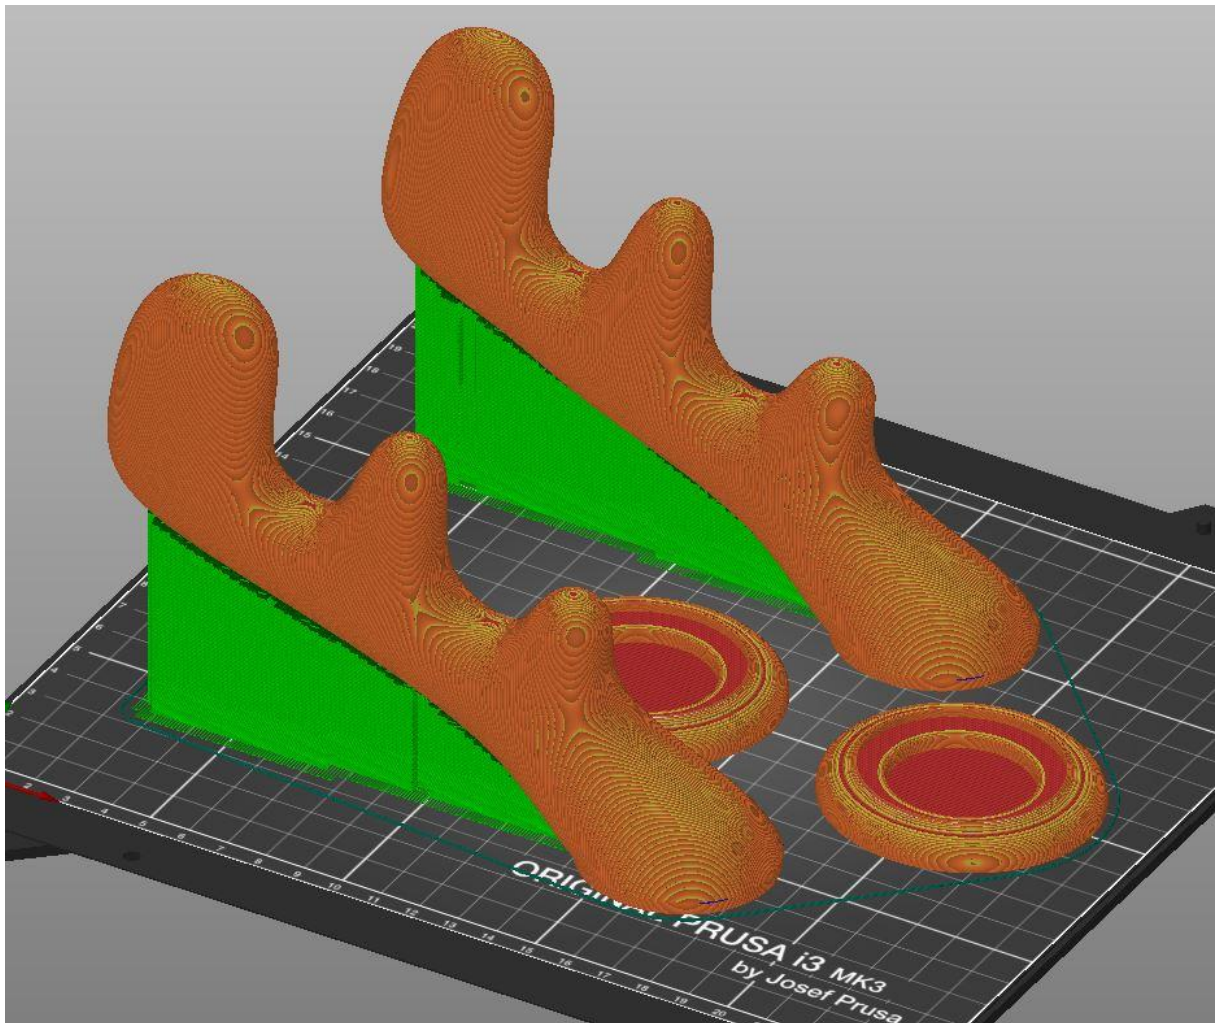

We call our Ford Van "Moose" so I whipped up these Bullwinkle style antlers to help decorate the beast!

The base is to be glued on so you can insert these rare earth magnets
<http://a.co/d/cAM2hrT>

You might add rubber friction tape to the bottom to keep the antlers oriented.

Though you may not easily see the difference there is a left and right antler, it's slightly curved forward. (very slightly)
