Summary

Heavy Ball top dome remix

[Costumes & Accessories](#) > [Props](#)

Tags: [pokeball](#) [heavyball](#)

Remix adding the heavy ball's spheres.

All other parts are the same so go to the main thing's page and get them there.

For the split version I reused the same tolerances as the vent so should work fine but can't verify.

This remix is based on

**Ancient Pokéball (V3.1) from Pokémon Legends:
Arceus**
