Summary

A better-fitting collet clip to reduce retraction issues

[3D Printers](#) > [3D Printers - Upgrades](#)

Tags: [clip](#) [collet](#)

The standard blue collet clip was allowing too much play on the PTFE tube on retractions. This clip replaces it and now the PTFE tube is secure, especially helpful for Bowden drive setups. Retraction distance was 4mm and now it's down to 2mm, a 50% improvement. Offered in 3 different sizes.
