Dishwasher Tab Dispenser - Sturdy & Simple

A no-nonsense, ultra-durable 3D-printed dispenser designed to hold **a gajillion dishwasher tablets** without fail. Features a **minimalist yet robust design**, with flexible mounting options: glue it, screw it (two 5mm fixture holes 50mm apart), or both for maximum security.

Bonus: Comes with a **stealthy lid** to protect your precious tabs from prying eyes—and, of course, **government satellites**. Because you can never be too careful.

Simple. Sturdy. Paranoid-proof.
