Summary

Easily hide cables

Household > Office

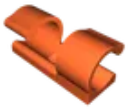

Tags: holder cable storage cablemanagement

Easily store cables away from eyes and avoid wires cluttering your space. It has a flat bottom for double tape and plane to add v3 with a screw hole and a thinner version. Hope you enjoy and are able to get some use from them. Constructive criticism is welcomed. All test prints were printed with MatterHackers PLA+ on a Prusa MK4s with HF nozzle. A 3mf. download was added for download with those settings.

Center of holder for wires is 10mm and can hold a single wire or multiple wires.

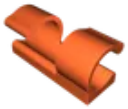

ENJOY AND HAPPY PRINTING!!!!!!!!!!!!!!!!!
