The **Corner Clamp – Strong** set includes **three versions**:

- **50 x 50 mm**
- **100 x 100 mm**
- **150 x 150 mm**

Each clamp is designed to help you hold pieces at a **perfect 90° angle** during gluing, screwing, or assembly. With a **thickness of 20 mm** and a **height of 15 mm**, these clamps provide excellent stability while remaining easy to handle. The smart **cutouts** reduce material usage

without compromising strength, making the clamps both **durable and lightweight**.

Ideal for woodworking, DIY, and any project that requires precise right angles.
