Summary

Corner clamp for making 90-degree joints

Hobby & Makers > Tools

Tags: clamp woodworkingtools clampingjig

This design supports material from 5-15mm thickness. The clamps are more easy to handle than angles with seperate clamps, but will only support joints of equal thickness material. Concept is based on idea of takuwoodcraft / TWCDesign.

Hardware required:

- ISO 4014 - M8x100 - Hexagon head bolt with partial thread
- ISO 4032 - M8 - Hexagon Nut
