Even in defeat, Boromir still serves Gondor... and now, your desk.

Inspired by the iconic Lord of the Rings scene, this model turns the fallen hero into a **heroic pen holder**.

His back and cloak now feature **five slots for pens or pencils**, making this piece both noble and practical.

A **second version** is also available, featuring **seven slots** for those who wield many pens in the name of Gondor.

A clean, statue-like design with a finish reminiscent of Gondor’s stonework.

Because true heroes never truly fall... they just find a new purpose.
