Description

The Design

A classic reimagined for Christmas. This is the V2 Series Christmas Tree Cone.

This model is Compatible with the Rest of the V2 Series on my profile.

This is a fun piece and can be used as a fidget toy as well

Dimensions are approximately: diameter 34mm x 54mm

Let me know if you experience any issues.

Printing

Standard settings should work fine to slice

For a smoother feel reduce the layer height

Once printed let the build plate cool before trying to remove.

If you're having issues, let me know i will try and help.
