A practical **spring-loaded bag clip** designed for quick sealing and strong hold.

Squeeze to open - release to lock – the built-in spring keeps it tightly closed

Ideal for bread bags, snack packs, or general household use

Available in three variants:

- **PLA Classic:** light and simple
- **PLA Stronger:** reinforced grip
- **PETG:** the most flexible, durable, and long-lasting option

⚠ **PLA may lose flexibility over time**

A smart and sturdy clip that keeps everything sealed with one satisfying squeeze.

Use brim only for PETG outer cover.
