A wicker fence for 28mm tabletop games.

Created so that it does not need any supports and prints well on a cheap FDM 3d printer like the Ender 3.

NOTE The supportless giant model seen in the photo is available on my Patreon.

Let me know how it printed for you in the comments and makes!

This and other uploads are possible thanks to my wonderful Patrons.

If you enjoy it, buy me a drink once in a while and support more supportless models on Patreon!: https://www.patreon.com/BriteMinis
