Celebrate winter with this detailed snowflake collection designed for both display and decorating. The set includes a large wall version, a small wall version, and a dedicated ornament version with a built in ring for hanging.

The wall decor models are sculpted with flowing leaf inspired branches that create a natural sense of depth. The large version becomes a striking centerpiece while the smaller version works well as an accent on any wall. Both print flat on the plate and show crisp detail even at standard settings.

The ornament version carries the same detailed structure but scaled and reinforced for real world handling. The loop at the top is strong and prints cleanly. It works great with hooks, string, ribbon, or tree hangers.

Light colored filaments bring out the sculpted details beautifully. If you want a refined finish you can reduce the layer height but standard settings deliver excellent results.

This collection is designed to be easy to print and easy to display. Perfect for seasonal decorating, gifts, or adding a touch of winter charm to your home.
