Bring a bit of winter “street style” to your desk with this **white puffer-jacket (Montclair-style) pen holder**. The padded sleeves, front seam details, and chunky “pockets” make it a fun, modern desk accessory that still looks clean and minimalist in any workspace.

This model was **sculpted in Nomad Sculpt on iPad**, then optimized for a clean, reliable FDM print. It’s designed as a **quick, easy print** while

staying rigid and durable. At **110 mm tall**, it has plenty of room for pens, pencils, markers, and styluses—perfect for a home office setup or a creative desk.

Recommended print settings (as designed):

- **Walls/Perimeters:** 3 (for stiffness and impact resistance)
- **Infill:** Gyroid **6%** (lightweight but strong)
- **Material:** PLA works great; PETG also recommended for extra toughness
- **Layer height:** 0.20 mm (or your preferred “fast” profile)

It also makes an **excellent Christmas gift** (Secret Santa included): practical, funny, and genuinely useful on a desk.

Note: “Montclair-style” refers to the puffer-jacket aesthetic only; this model is not affiliated with any brand.
