Desk Cable Holder Clamp - Clamps securely to your desk, also allowing for easy removal.

I designed this to be printed in the orientation the parts are in, in the 3MF to ensure strength. No supports needed, no extra walls needed. Print in PETG Preferably, as PLA will lose its shape and tensile strength over time.

- 07/01-2026: Added Optional Cable holder Screw which should hold up to 3 cables.
- 09/01-2026: Added two new versions of the clamp body, up **35mm** of desk thickness, and **45mm**.
- 10/01-2026: Added a Cable mounting screw to hold up to 6mm diameter cables.
- 09/04-2026: Added a new Table Mounting screw - 20mm longer.
