Summary

Use a command strip to provide a place for a curtain string to hang.

[Household](#) > [Other House Equipment](#)

Tags: [curtain](#) [string](#) [3mcommandstrips](#) [commandstrip](#)

Designed this cleat to fit a medium command strip and provide a place for a curtain string to hang on or wrapped around.

Print with command strip side on print bed and print bed supports for the arms out the side to support the overhang.
