I am technician. I don't like lint in Juul. I also like to see if Juul is dying. I hope you feel the same.

PETG 100% Infill, .2 layer height, Supports on build plate because pocket clip piece is floating. you've been warned

-Update 4/24/22: I hacked off a lot of the sharp edges. I also made it a little easier to clip onto shirt pocket. Highly recommend fixing through netfab pre-print.
