Tags: [support](#) [headphones](#) [headset](#) [monitor](#)

A simple headphone support which can be mounted to the top of the monitor using double sided tape. The surface for mounting the double sided tape is 20mm x 20mm for the standard support and 20mm x 40mm for the XL version.

It might not work for really heavy headsets, I'm using it for a Jabra Evolve 65 and it never came off.
