updated 21. 3. 2022 | published 20. 3. 2022

### Summary

A printable token to show which player goes first. Similar to the dealer token of poker sets.

[Toys & Games](#) > [Board Games](#)

Tags: [card](#) [game](#) [tabletop](#) [first](#) [boardgame](#) [token](#)  
[tabletopgaming](#) [player](#) [doomlings](#)

### Important note:

No tool changer is needed to get the multi-coloured token. Take a careful look at the preview in your slicer and set three pauses. Change during the pause the filament and push the new colour manually through until the nozzle is purged completely.

Recommended layer height is 0.2
