### ROTA

**Rota** is a very easy desk game. In this printable version, you can find all you need to play this game.

How to play it:

- Every player has 3 game figures
- You chose which player will start
- The player will put the game figure in some hall
- Then next player can do it too
- If 3 same game figures are in a row then the player which has 3 game figures in a row then he WON
- If all game figures are placed and anyone won then you have to move the game figures
- You can move the game figures only 1 place
- You can't jump over or stand on other player's game figure
