This thing was remixed from Muzz64 thing: <https://www.thingiverse.com/thing:1902158>

Upon agreement - I'm posting this little mod.

Its quite useful for all iPhone users out there.

Original design makes it a bit difficult to unlock your phone. This one is a little cut-out to allow easier reach to bottom edge.

All sizes included in original design have been modified. Make sure to pick right size for you - measure thickness of your phone.
