Carrier and Case for Volumeter, a custom made desk equalizer.

See <https://github.com/ModischFabrications/Volumeter> for further information.

It's designed to be finished with a matte glass diffusor with a measurement of 94 x 16 x 3.5 mm. Depending on your glass an additional piece of paper behind it might be sensible.

## Print Settings

### Printer Brand:

Creality

### Printer:

CR-10S

**Rafts:**

No

**Supports:**

No

**Resolution:**

0.24

**Infill:**

15%

**Notes:**

Easy print, designed for 0.4mm nozzles. No supports needed, should snap together nicely.

Choose only one of the backplates, the angled one makes using it standing on the side more comfortable.
