### Summary

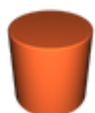

Toilet paper dispenser that is a bit taller than regular ones, to accommodate more of a variety

[Household](#) > [Bathroom](#)

Toilet paper dispenser that is a bit taller than regular ones, to accommodate more of a variety. The top friction fits on the base and is very snug. It has a axle for the toilet paper doesn't move so much in the container.

I printed this with pla at .2mm layer for both parts at 10% infill.
