Summary

Holder for toilet paper

[Household](#) > [Bathroom](#)

I designed a toilet roll holder with a cat's head.
Place the head on the holder by turning it a quarter of a turn.
I glued the holder to the wall with double adhesive tape.

Printer: Prusa i3 MK3S

Filament: Prusament PLA Galaxy Black

The holder: printed with support and a layer height: 0.2 mm

The cat's head: printed without support but using bridge detection and a layer height of 0.15 mm for a nicer finish
