This hoodie-shaped pen holder brings a sporty, playful look to any desk.

Inspired by modern streetwear, it's designed for young users, students, gamers, and creatives who want something fun but still functional on their workspace.

The model is optimized for fast FDM printing, with clean geometry and an excellent balance between strength and material usage.

Print Settings (Recommended)

- Walls: 3
- Infill: 10%
- Supports: only minimal supports under the sleeves
- Printing time: very fast
- Difficulty: easy print

The design prints cleanly and delivers a great surface finish, even at standard layer heights.

Perfect for PLA — bright colors like yellow really enhance the hoodie look.

A fun, modern desk accessory that also makes a great gift for kids, teens, and young designers.

Happy printing!
