Mini Desktop Trash Bin - Vase Mode

A stylish **mini trash bin for your desk**, perfect for a workspace, workshop, or next to your 3D printer. The minimalist design with vertical grooves looks great and is **fully optimized for vase (spiral) mode printing**.

The model can be **freely scaled in your slicer** to any size you need, making it easy to adapt for different desks or use cases.

Lightweight yet sturdy when printed with proper extrusion settings. Ideal for small waste, filament scraps, paper pieces, or small hardware like screws.

Size: 82x82x95mm

Recommended Print Settings

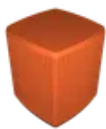

- **Print mode:** Vase / Spiral mode

- **Material:** PLA, PETG (and other materials)
- **Outer perimeter extrusion width: 0.8 mm (IMPORTANT!)**
- **Perimeters:** 1 (automatic in vase mode)
- **Infill:** none
- **Supports:** not required

Features

- Freely scalable in slicer to any desired size
- Fast and material-efficient print
- Clean modern look
- Optimized for vase mode
- Perfect for desks, workshops, and 3D printers
